

OFFICE OF PUBLIC INTEGRITY

Janson D. McNair, Director

Publicly Disclosed Information:

OPI Case Number 21-430

Date: 11/01/2021

ALLEGATIONS:

Received complaint from County Executive's Office regarding someone who had applied for a Fast Forward Monroe 2.0 grant. Their caller said they received a text requesting more information regarding their application and they should call an 877 phone number. The caller ignored the text, and then received a call from an 866 number requesting tax information.

FINDINGS:

Research indicates that the numbers that called complainant were legitimate NY State Department of Economic Development numbers. Caller was advised they may have an application with NYS, but that calls were not from any department of Monroe County, and appeared to be legitimate business calls. Unfounded allegation that calls were some form of fraud using Monroe County information or resources.

FINANCIAL IMPACT:

None
