Publicly Disclosed Information:

OPI Case Number 21-402

Date: 8/13/2021

ALLEGATIONS:

Complainant states that while driving they matched speed with a marked county vehicle on a local expressway and determined that vehicle was travelling at 74 miles per hour in a 55 miles per hour zone.

FINDINGS:

OPI checked fleet records and found there is no Global Positioning System device installed in vehicle, which would have recorded speed on date indicated. OPI identified employee vehicle was assigned to and advised supervisor to warn employee against speeding. Unfounded allegation as there is insufficient evidence to take disciplinary action.

FINANCIAL IMPACT:

None
